 Billie Sollie

I Jarvis Jermain Hampton was false imprisonment for 15 month. I was released may 23 2017. I miss serveral ~~do~~ Doctors oppointment. I missed out on social security benfits that I was recieving for bipolar disorder. My name was scandlize by news center 11. When I was released it was hard for me to get a job do to the things that was said about me. I also had a vehicle taken away from me that was not fixed back the way it was when they took it. I'm currently suffering back problems from laying on the hard rack and I have rashes from the fifty mat's that Sollie provide us. Lauderdale County Detention inmates to sleep on. I even slept in Sale's with mold covering the air vents I mean this place is very horrible and not in good condition. ~~at~~ we have open sewer that suppose to be closed but there are covered with paper. Here at Lauderdale County Detention center we are being housed in areas were some toilets and sinks don't work. If I had a camrea phone I think you would be very disturbe with wat you would see. I don't no much about the law but I have suffred lot's of pain and have lost a lot

dealing with these allegations. These fact are not only true but is still currently going on in the Lauderdale County Detention Center. Thank you and I would be very thankful for any kind of help for me and other inmates here at the Lauderdale County Detention Facility.
